A TRIBUTE TO

Our High Country Pro Shooters

This tribute is to all of the High Country Pro Shooters and the World Champion Bow that made it all possible, The **High Country 3-D Supreme** and **Supreme Hunter**. This incredibly accurate, speed machine has accumulated more Pro/Am championships, since first being introduced in 1991, than any other bow in 3-D competition history.

This year alone, **Randy Chappell** won the 1993 ASA Shooter of the Year, Overall High Score of the Year, and the 1993 3-D Nationals. **Randy Ulmer** won the ASA Valdosta Invitational, the ASA Classic and the 3-D National in Bedford, Indiana. **Sonny Chappell** was very instrumental in helping our manufacturer's Pro Team win the 3-D National Championship and was the individual winner of the Tennessee ASA. **Sonny and Randy** have been on the Manufacturer's Professional Championship Team for the last two years. This year, along with **Burley Hall**, they again captured first

RANDY CHAPPELL

RANDY ULMER

SONNY CHAPPELL

BURLEY HALL

THE WINNERS

and our champion "THE SUPREME".
place honors at the 3-D Nationals. And the list
goes on.

They say that imitation is the greatest form
of flattery. Our **Supreme** is being copied in
one way or another by several archery manu-
facturers. But, you can't beat the real thing.
Tournament after tournament, year after year,
they keep coming after us. The results are
the same. **High Country Supreme** wins it
all again.

In 1993, **Burley Hall** and his **High
Country Supreme** are our industries'
1993 WORLD CHAMPIONS. We
are very proud of our professional
and amateur shooters, for their
dedication to excellence. We
are also just as proud of our
dedicated employees, who
with '**Supreme**' care, make
the **WORLD'S
BEST ARCHERY
PRODUCTS!**

RANDY CHAPPELL

DYNASTY!

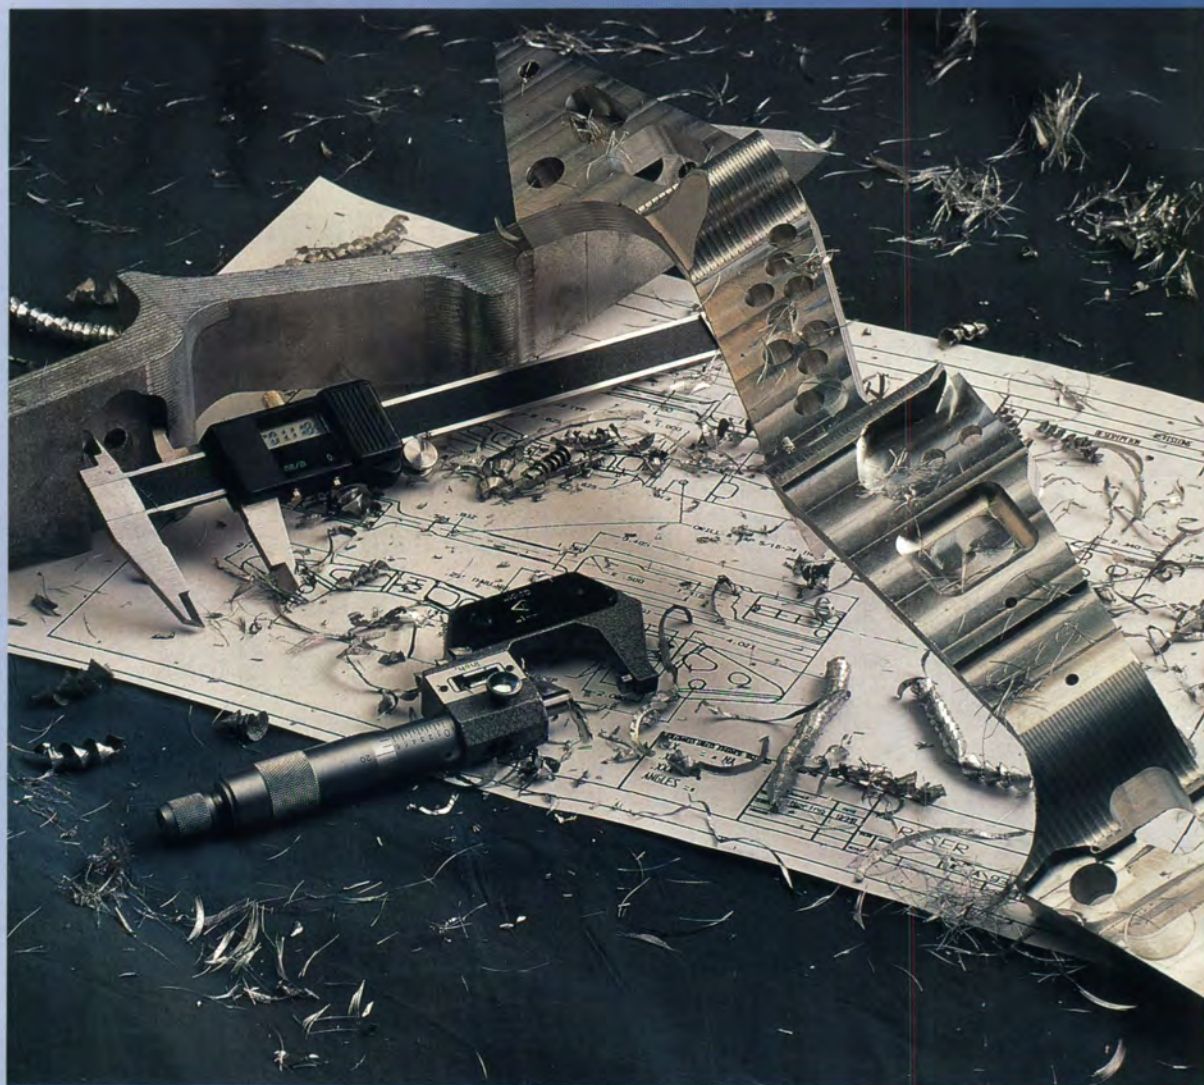

(PATENT PENDING)

Dynasty: (dy•nas/ty)

¹The period of time, during which a certain family reigns.

All of us at High Country, are proud to introduce for 1994, our new **DYNASTY** riser!

Individually machined from 6061 T-6 aircraft grade aluminum, this hi-tech example of our commitment to excellence, will no doubt be the most talked about new product in archery during the coming season, and many seasons thereafter!

Anyone associated with High Country since the mid-80's, knows what it's like to be part of a **DYNASTY!** Whether it be capturing a record number of first place titles at local, national and world 3-D championships, or being part of a hunting tradition that is beyond compare!

From the **DYNASTY** riser, we're proud to present our latest example to our on-going commitment to excellence!

242 FPS
AMO
STANDARD

EXCALIBUR

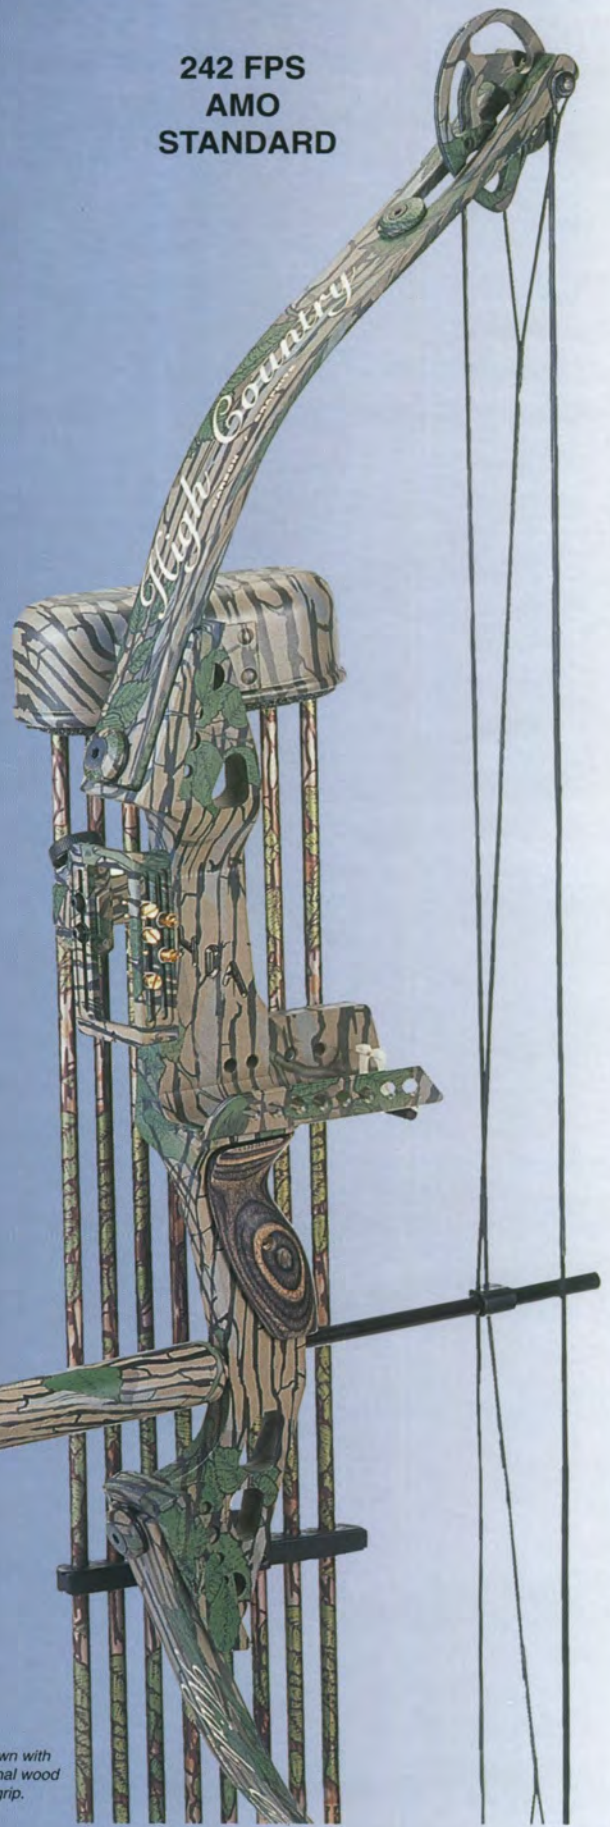

(PATENT PENDING)

In medieval times, it was the legendary sword of King Arthur. Today, the name **EXCALIBUR**, will identify High Country's commitment in achieving perfection in a compound bow!

Our new **EXCALIBUR** is available in our **ELITE**, **PRO-HUNTER** and **3-D COMPETITION SERIES**. The most versatile new bow in the High Country line-up, the **EXCALIBUR** will be available with several different combinations of limb and eccentric configurations! From our re-designed, heavy duty 16" Power Glass Straight Limbs to our smooth, graceful, 17 1/2" Carbon/Graphite Recurves, we're confident when you shoot this bow, you'll simply fall in love with it's dynamic appeal!

As with any High Country bow, lightning fast arrow speed is a fact, not just a claim! That's why we've built the **EXCALIBUR** with **OUR** original, Extreme Cam! The most imitated design in the archery industry! Imitation is the greatest form of flattery, like we've always said, if you want **HIGH COUNTRY** results, you need to shoot a **HIGH COUNTRY!**

Shown with
optional wood
grip.

EX-perience the **EX**-citement of the **EXCALIBUR!**

INTRODUCING THE 1994 HIGH COUNTRY ELITE SERIES!

Available with 16" Power Glass Straight Limbs, 16" or 17 1/2" Carbon Graphite Recurves and Extreme Wheels! Includes a Treeleaf™ Overdraw, Two Piece Treeleaf™ Quiver, and the all new Split Harness System!

If you're the type of bowhunter who will settle for the very finest in equipment, High Country offers it's new **ELITE SERIES!**

An exalted combination of four of the very best hunting bows available any where in the world. Owning an elite series bow offers these advantages: Includes Treeleaf Machined Overdraws and high quality Two Pc. Treeleaf Quiver. Each bow comes complete with all Treeleaf components (i.e.: limb buttons, bezels and eccentrics). **Redesigned** 16" Power Glass Straight Limbs, or smooth, graceful, carbon/graphite recurves, both offering durability and envious speed.*

Our latest generation design of Extreme cams in Treeleaf pattern! The most imitated design industry wide. **Remember, for High Country Results, shoot High Country!**

*All High Country **ELITE SERIES** bows offered in carbon/graphite XL limbs. For additional forgiveness and accuracy, without giving up the legendary speed High Country bows are famous for!

Each bow carefully built with 'new' split harness system, for smooth, quiet, dependable speed, while eliminating limb torque. In addition to a standard 24 strand fast flight main string eliminates tuning problems.

**SEE PAGE 31, FOR A COMPLETE LIST OF BOW SPECIFICATIONS

A SHOWCASE

ULTRA ELITE

If you simply insist on having the very best, nowhere in the industry will you find a bow this outstanding and unique! The ultimate in bow technology, the bow that all others are measured against! Only for those who want the very best!

LIST OF BOW
SPECIFICATIONS.**

EXCALIBUR 3-D

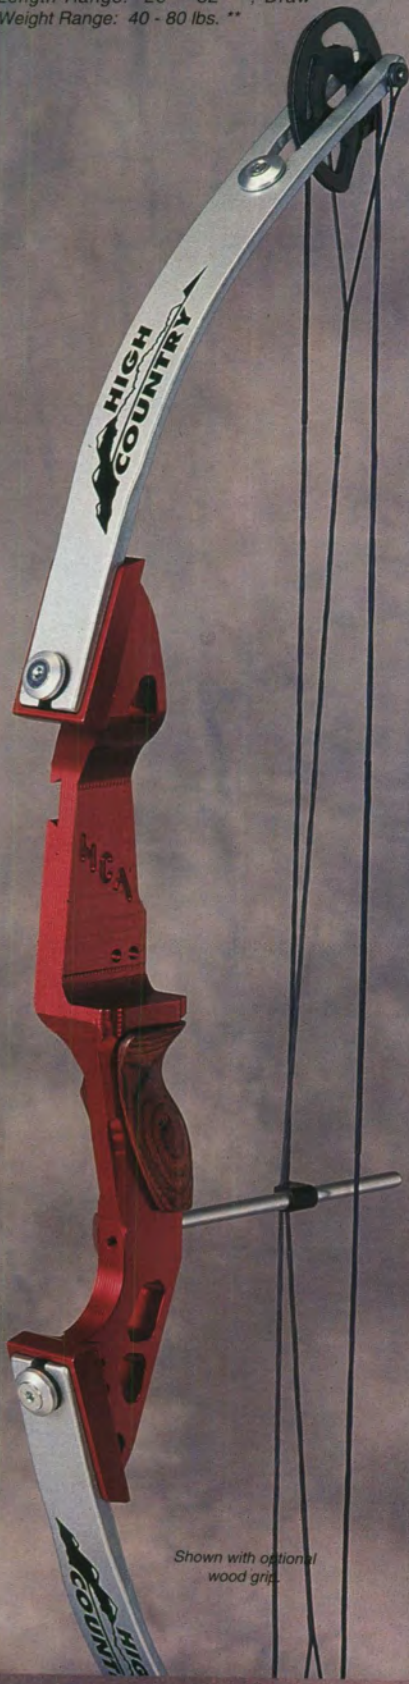

It's hard to improve on a 3-D bow, when you've already got the best! But we think you will agree that our new **EXCALIBUR 3-D** is our latest innovation, in our on-going tradition of excellence! Available in three anodized colors: Black, Blue or Red. Draw Length Range: 26" - 32" **, Draw Weight Range: 40 - 80 lbs. **

3-D SUPREME

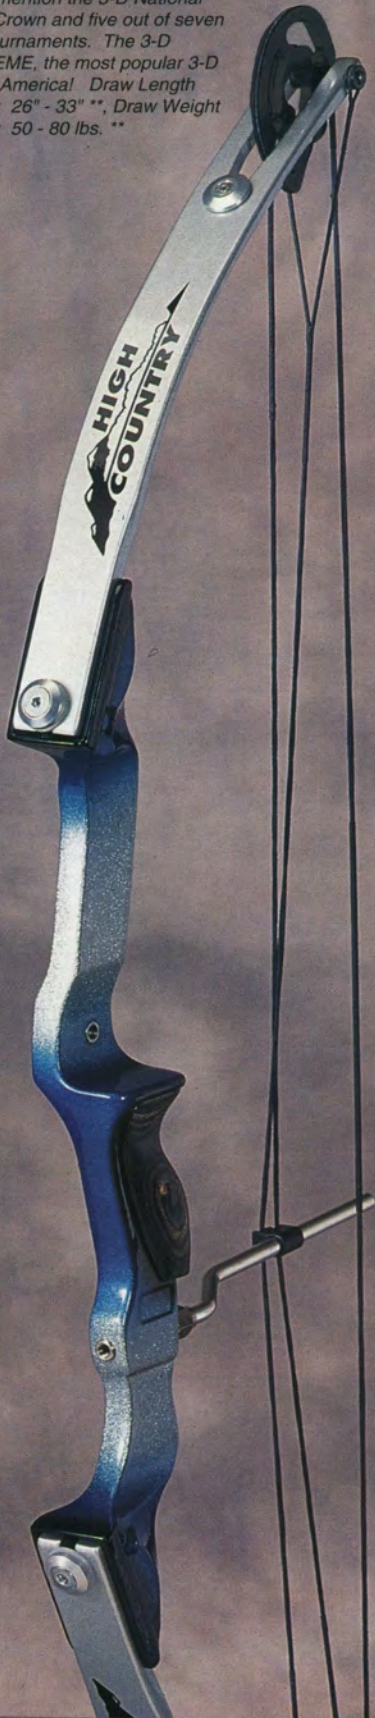

What more can you say about a bow that has won the 3-D World Championship for three years in a row with three different shooters. Not to mention the 3-D National Triple Crown and five out of seven ASA tournaments. The 3-D **SUPREME**, the most popular 3-D bow in America! Draw Length Range: 26" - 33" **, Draw Weight Range: 50 - 80 lbs. **

3-D EXTREME

Back by popular demand! A phenomenal amount of **3-D EXTREMES** found themselves in the winner's circle this past season! Due to the popularity of our **SUPREME**, we were amazed at the growing popularity of our short, compact, easy to maneuver, speed bow! It's like we were competing against ourselves! Now available in XL series limbs, we've given many 3-D shooters exactly what they've asked for! Draw Length Range: 27" - 33" **, Draw Weight Range: 40 - 80 lbs. **

Shown with optional wood grip.

GET THE
ADVANTAGE!
SERIES.

*MORE HIGH COUNTRY HUNTING BOWS WITH
SOMETHING FOR EVERYONE!*

Extreme Hunter

Available in Treeleaf with Phantom or Hybrid wheels, 16" Power Glass Straight Limbs with torque free AV2 riser. Short axle to axle length makes this bow an easy to maneuver companion. In a tree stand or just in the woods, this bow does it all without sacrificing hard-hitting speed! Draw Length Range: 25" - 31", Draw Weight Range: 50, 70, 70 & 80 lbs.**

Silent Hunter

Durable, rugged, Realbark camo finish, includes tough, compact AV2 riser, with 16" Straight Power Glass Limbs. With a Silent Hunter, you're a deadly force in the woods! Draw Length Range: 23" - 30", Draw Weight Range: 40, 50, 60, 70 & 80 lbs.**

See Page 31, For Complete List of Bow Specifications.

For the discriminating bow hunter, who wants High Country quality with ever-present legendary High Country speed, you don't have to spend a fortune to be part of the fastest growing legacy in the archery industry!

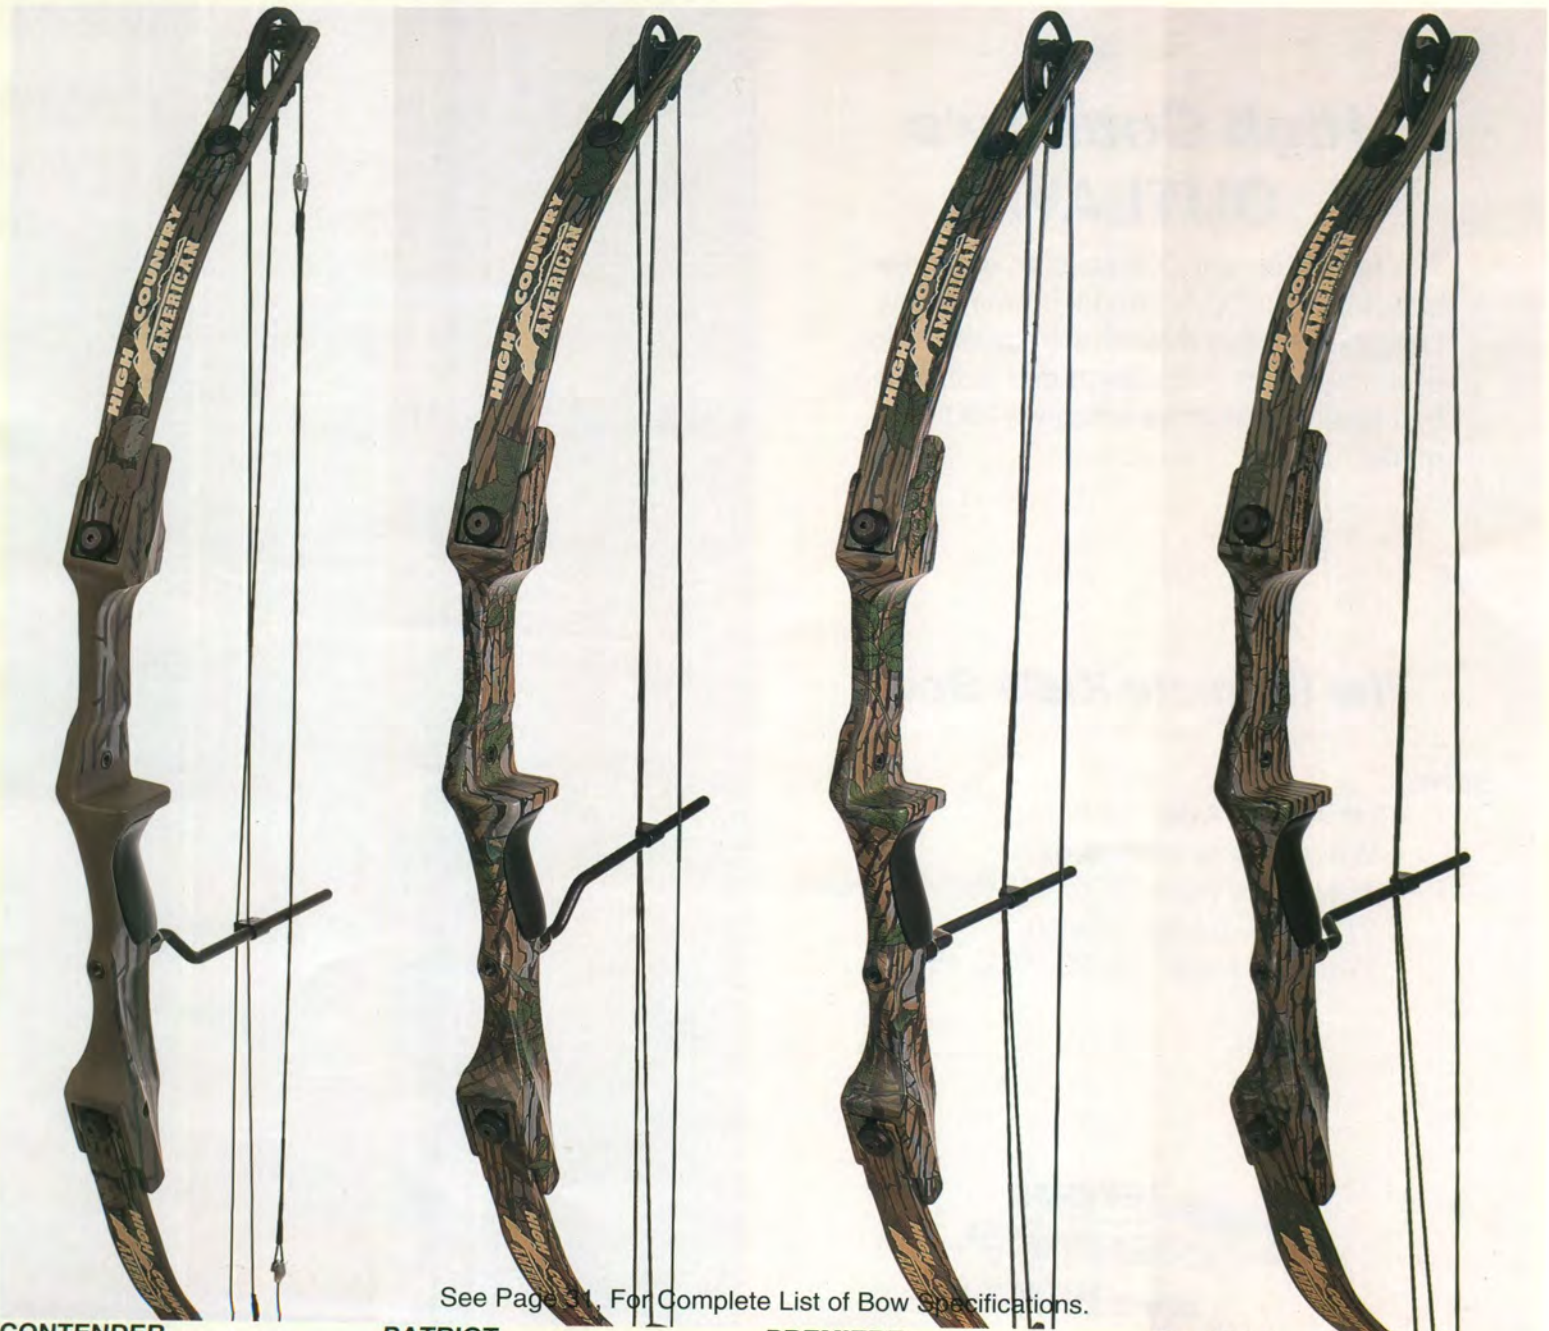

Mag-nificent!

HIGH COUNTRY
AMERICAN

A new, stronger magnesium riser, makes our HIGH COUNTRY/AMERICAN line-up an eye-catching value combining HIGH COUNTRY'S state-of-the-art bow building technology with AMERICAN's vintage style and grace! Featherlight, these bows are a pleasure to hunt with. There's no reason to sacrifice speed, power and beauty, while being cost conscious. Also available in your choice of three 3-D target colors, you won't find a better 3-D bow for your money!

- 40% stronger, magnesium alloy riser.
- Available in Treeleaf camo pattern.
- Available in 16" Power Glass Straight Limbs or 16" Carbon/Graphite Recurves.

SWEETLAND ACCESSORIES

For precision-fitted threaded and taper hole field, bullet and target points in all popular sizes, Sweetland has a reputation for quality. There's a strong selection of steel blunts, short or long aluminum broadhead and nock adapters, shaft inserts, and stabilizer bushings to choose from too.

Sweetland products are available in bulk orders or in attractive bubble packages that will add to any accessory display. (Assorted Point of Sale Displays also available).

 Target Colors: Custom Red, Blue & Black
 Hunter Colors: Treeleaf™

High Country Pro Shooter and accomplished hunter, Dr. Randy Ulmer, shown with his Arizona Bull Elk.

HIGH COUNTRY ARCHERY (LIMITED) LIFETIME WARRANTY™

High Country bows now carry a Limited, Lifetime Warranty that covers the riser and eccentrics indefinitely against defects in material and workmanship.

A limited warranty will apply to limbs being replaced for a period of three (3) years, at no charge. A 50% charge of manufactured suggested retail cost will apply after three (3) years. High Country reserves the right in replacement by a comparable bow in some cases. A charge of 50% of suggested retail price will apply. Items not covered by warranty are strings, cables, grips, cable guards and any cosmetics.

AMERICAN, HIGH COUNTRY AMERICAN WARRANTY

American, High Country American bows now carry a warranty that covers the riser, limbs and eccentrics against defects in material and workmanship for a period of one year, at no charge.

American, High Country American reserves the right in replacement by a comparable bow in some cases. A charge of 50% of suggested retail price will apply. Items not covered by warranty are strings, cables, grips, cable guards and any cosmetics.

A warranty will be void if damage is caused by bow press misuse or unauthorized modifications. High Country bows with draw weights exceeding 80 pounds are not covered. The High Country American bows exceeding 70 lbs. are not covered. There are no other warranties, whether expressed or implied, binding High Country Archery or High Country American Archery. No representative of High Country or High Country American, or its dealers has the authority to bind High Country Archery or High Country American Archery. Warranties apply to the original owner only, and proof of date of purchase must be provided before warranty work will be done. Warranty cards must be completed and returned to the manufacturer within thirty (30) days after purchase.

Bows returned for warranty repairs will be inspected for worn strings and cable systems. If necessary, strings and cables will be replaced at the manufacturer's discretion at a cost of \$20.00 for metal cable bows and \$30.00 for Fast Flight Harness Systems.

Both companies reserve the right to upgrade products at a pro-rated cost to meet current standards when outdated parts are no longer available.

The above warranties do not apply to the High Country Outlaw bow.

For a warranty return authorization or information, call the Warranty Service Department at (615) 949-5000.

FOR INFORMATION ON EXTENDED WARRANTIES, PLEASE CALL (615) 949-5000.
